Week 4: Databases & APIs
Data Literacy

Monday—Databases:

Presentation

- What are databases? hello
- Sites to Explore:
    - Census Data

Wednesday—APIs:

Presentation

- Watch this video:

https://youtu.be/ByGJQzlzxQg?si=CF6H56upınteGnaQ

Friday:

- Come to class with a public-facing database and an API related to your group's domain.
    - As a group explore the databases/APIs the group brought.
    - Report to the class on the available database/API data available on your domain.
        * Which are the most useful?
        * Which seems the least useful?
        * How could you use the most useful data in your domain?
